RECORD OF THE PAST

No Stronger Evidence Can Be Had in Barre.

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from any kidney ailment, will find in the following evidence proof that relief and cure is near at hand.

Alvin F. Smith, retired, address, 10 West street, says: "I was interviewed by a gentleman in the winter of 1897 about my experience with and opinion of Doan's Kidney Pills, procured at E. A. Brown's drug store. I believe I was born with a weak back, and as I grew older, at least every year I was subject to an attack of backache which compelled me to take to my bed. Doan's Kidney Pills stopped that annual occurrence and they have been the means of stopping other attacks since. When I look back over the 32 years of my life and think what I might have escaped had I known about the value of Doan's Kidney Pills, it makes me wonder that people, when they know of a remedy which acts up to representation, will not avail themselves of a positive means of preventing kidney complaint or any of its consequences. Often I could neither lift any weight nor stoop without suffering and added to this there was difficulty with the kidney secretions. Doan's Kidney Pills absolutely stopped a very severe attack. I have recommended them to many friends and acquaintances since the remedy came to my notice, and I know of great many who have taken a course of the treatment and received undoubted benefit."

For sale by all dealers. Price, 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
